## 1 Home Page

Here, the user is given three options and the Pharmacy User should select the circled button as shown above. Then, the user will be directed to the Pharmacy Entry Pop-Up (section 2).

## 2 Pharmacy Entry Pop-Up

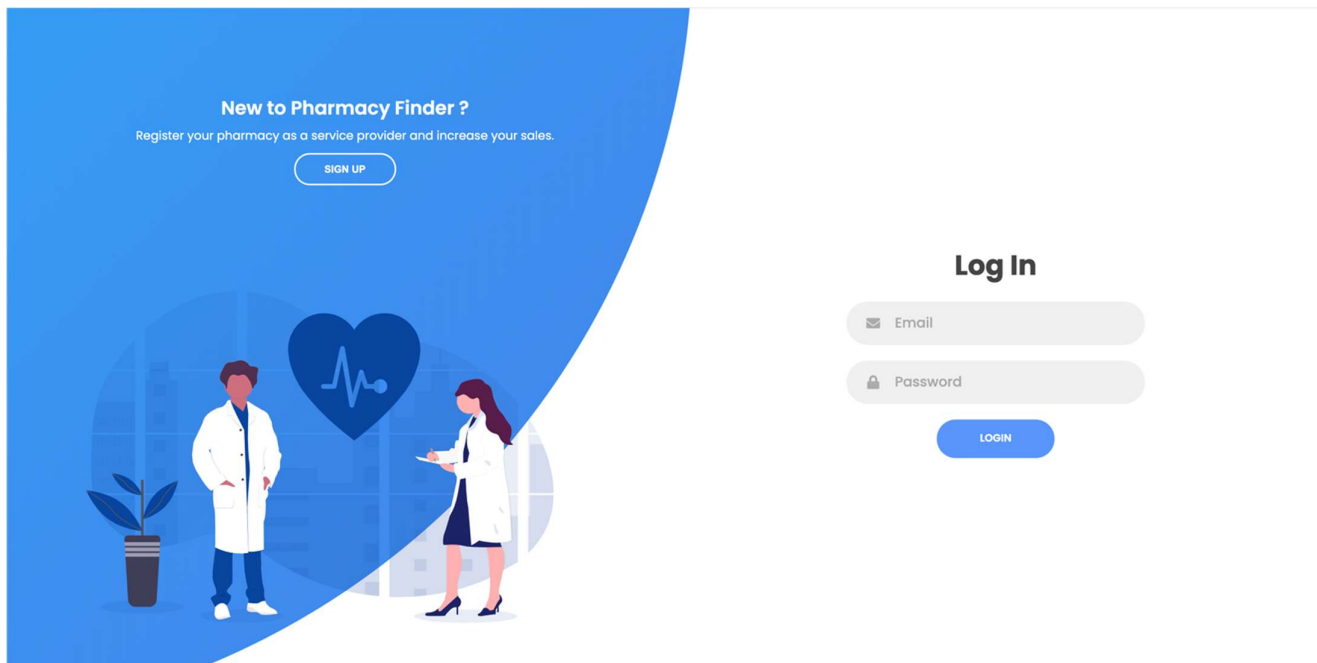

Here, the Pharmacy Users (both registered and unregistered) are given the option to choose the **“Log in”** button or the **“Register Pharmacy”** button.

If the Pharmacy User is already registered, he/she can click the **“Log in”** button and he/she will be directed to the Pharmacy Login page (section 3).

If the Pharmacy User is not already registered, he/she can click the **“Register Pharmacy”** button and he/she will be directed to the Pharmacy Sign-Up page (section 4).

### 3 Pharmacy Login Page

Pharmacy Users who have previously registered can enter their,

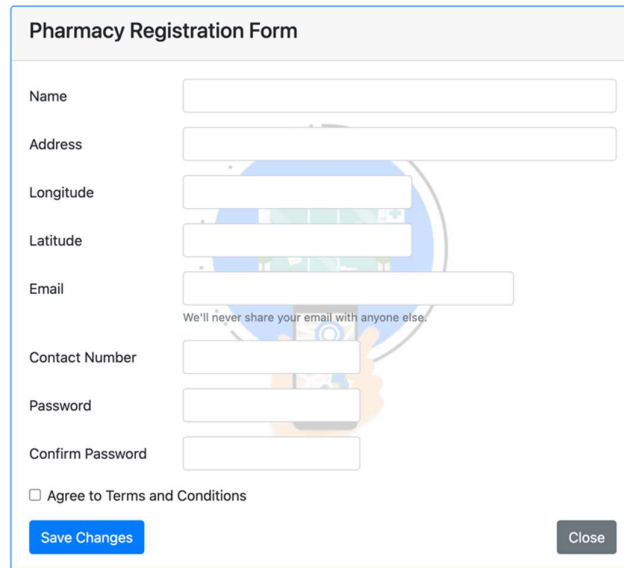

- **Email** and
- **Password**

and press the “**Login**” button to advance to the Pharmacy Home page.

If there is an error in login credentials (ex: incorrect email or incorrect password), the user is directed to the Pharmacy Login Error page (section 5).

If the login credentials are correct, the user is directed to the Pharmacy Home page (section 6).

## 4 Pharmacy Sign-Up Page

The image shows a 'Pharmacy Registration Form' with the following fields: Name, Address, Longitude, Latitude, Email, Contact Number, Password, and Confirm Password. Below the Email field is a privacy notice: 'We'll never share your email with anyone else.' At the bottom left is a checkbox for 'Agree to Terms and Conditions' and a blue 'Save Changes' button. At the bottom right is a grey 'Close' button. A faint background image of a hand holding a smartphone is visible behind the form fields.

Pharmacy Finder - Version 1.0.0 © 2021 | [Contact Us](#)

If the user is new to the web application and wants to register as a Pharmacy User, he/she can fill this Sign-Up form and press the “**Save Changes**” button.

The user will be asked to enter the following information (all items are required):

- **Name:** Enter the pharmacy’s registered name.
- **Address:** Enter the postal address of the current location of the pharmacy.
- **Longitude:** The user can search the current location in a map service application (like Google Maps) while he/she is in the pharmacy premises and then, enter the longitude of the pharmacy’s location.
- **Latitude:** As above mentioned the latitude can also be obtained and entered here.
- **E-mail Address:** Enter the pharmacy’s official e-mail address.
- **Contact Number:** Enter the pharmacy’s contact number which can be used by the customers to get information.
- **Password:** Enter a strong password (minimum length = 5) for the account and the password is case sensitive.
- **Confirm Password:** For security confirmation, re-enter the above enter password.

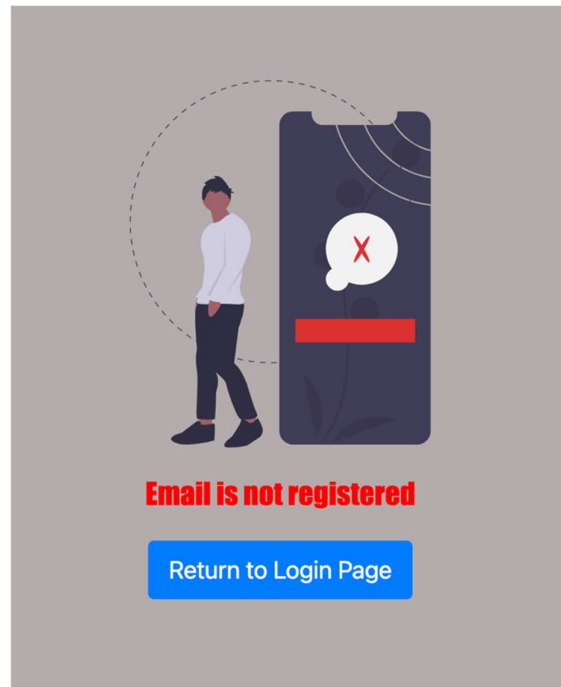

If the user fills invalid information, the submission will be successful and if not, he/she will be redirected to the Sing-Up page to refill valid information.

After successful submission, the pharmacy's information is sent to the System Administrator and a manual validation is run by the System Administrator. If the validation is,

- a success, an e-mail is sent to the user mentioning that the user's account has been approved.
- a failure, the account is deleted.

The Pharmacy User cannot log in until the account is approved.

## 5 Pharmacy Login Error Page

The Pharmacy User is directed to this page if there is an error in the entered login credentials.

Here, the user can return to the Pharmacy Login page by clicking the **“Return to Login Page”** button (if the user has mistaken when entering the login credentials).

## 6 Pharmacy Home Page

The screenshot shows the Pharmacy Home Page dashboard. At the top, there is a blue header bar with a home icon and the word "Dashboard" on the left, and a "LOG OUT" button on the right. The main content area is divided into several sections:

- Helix Pharmacy**: A section on the left containing contact information: Address : 433/2, Galedanda, Gonawala. Longitude : 79.931838, Latitude : 6.965203, Email : info@helixpharm.com, Hotline : 112911280.
- Instructions**: A section on the right with two instructions:
  - ★ Click here to view your drug list [View Drugs](#).
  - ★ Click on [ADD A NEW DRUG](#) to add new drugs to your drug list and [Delete](#) to remove drugs from your drug list.
- Pending Requests**: A table with 4 columns: #, ID, Customer Name, Date, and a Respond button. It lists three pending requests.
 

#	ID	Customer Name	Date	Respond
1	60015	Nimal Kalansooriya	2021-01-24	<a href="#">Respond</a>
2	60016	Kasuni Perera	2021-01-24	<a href="#">Respond</a>
3	60017	Kasuni Perera	2021-01-24	<a href="#">Respond</a>
- Responded Requests**: A table with 4 columns: #, ID, Customer Name, Date, and an Edit Response button. It lists one responded request.
 

#	ID	Customer Name	Date	Edit Response
1	60014	Nimal Kalansooriya	2021-01-24	<a href="#">Edit Response</a>

At the bottom of the dashboard, there is a footer: Pharmacy Finder - Version 1.0.0 © 2021 | [Contact Us](#).

After logging into the Pharmacy User Account, the user is advanced to the Pharmacy Home Page. In the top right corner, the pharmacy's information is displayed, and, in the bottom, the customer requests (both responded and new ones) are displayed.

Here, the following options are given to the user,

- **View pharmacy drug list:** By clicking on the “**View Drugs**” button, the user is directed to the Pharmacy Drug List page and there, the user can view and delete drugs (section 7).
- **View and respond to a new request from a customer:** By clicking the “**Respond**” button of one of the requests in the requests section in the bottom left corner, the user is directed to the selected new request and there, the pharmacy can select the currently available drugs and send a response to that customer.

The screenshot shows a modal form titled "Request Details" with a close button (X) in the top right corner. The form contains the following information:

**Request Details**

Name : Nimal Kalansooriya  
 Email : nimal@gmail.com  
 Address : 12/3, First Lane, Borella.  
 Gender : Male  
 Contact No. : 712222222

**Drug Type**

Atorvastatin 10mg + Fenofibrate 160mg ☐

**Branded Drug**

Panadol ☐  
 Tylenol ☐

At the bottom right of the form is a blue "Respond" button.

- **View and edit responses:** By clicking the “**Respond**” button of one of the responded requests in the responded requests section in the bottom right corner, the user is directed to the selected response and there, the pharmacy can view and edit the selected response. After that, the user can submit the edited response.

The screenshot shows a modal window titled "Responded Request Details" with a close button (X) in the top right corner. The form contains the following sections:

- Personal Information:**
  - Name : Nimal Kalansooriya
  - Email : nimal@gmail.com
  - Address : 12/3, First Lane, Borella.
  - Gender : Male
  - Contact No. : 712222222
- Drug Type:**
  - Amlodipine 10mg ☒
- Branded Drug:**
  - OZOVAS F TAB ☒
  - Panadol ☐
- Action:**
  - Respond (button)

The background shows a blurred view of a table with columns for dates (e.g., 01-01-24) and names (e.g., Nimal Kalansooriya).

## 7 Pharmacy Drug List Page

The screenshot displays the Pharmacy Drug List Page. It features two tables side-by-side. The first table, titled 'Drug Types', lists 'Atorvastatin 10mg + Fenofibrate 160mg' and 'Paracetamol', each with a red 'Delete' button. The second table, titled 'Branded Drugs', lists 'Amlogard 10', 'ATROLET F 10MG TAB', 'GENXVAST F TAB', 'OZOVAS F TAB', and 'Panadol', each with a red 'Delete' button. Below the tables is a link 'Click here to add a new drug to the drug list ->' followed by a blue 'ADD A NEW DRUG' button. At the bottom of the page, it says 'Pharmacy Finder - Version 1.0.0 © 2021 | [Contact Us](#)'.

Drug Types		Branded Drugs	
Atorvastatin 10mg + Fenofibrate 160mg	Delete	Amlogard 10	Delete
Paracetamol	Delete	ATROLET F 10MG TAB	Delete
		GENXVAST F TAB	Delete
		OZOVAS F TAB	Delete
		Panadol	Delete

Click here to add a new drug to the drug list -> [ADD A NEW DRUG](#)

Pharmacy Finder - Version 1.0.0 © 2021 | [Contact Us](#)

After clicking on the drug list button on the home page user is directed to this page. This page views all pharmacy drug types and branded drugs. Also, users can delete pharmacy drug types and branded drugs. There are two tables on this page. The first one contains pharmacy drug types and the other one contains pharmacy branded drugs.

Here, the following options are given to the user,

- **Delete pharmacy drug types or pharmacy branded drugs:** By clicking on the “Delete” button the pharmacy drug type or pharmacy branded drug will be deleted from the table.
- **View pharmacy add drug page:** By clicking on the “ADD A NEW DRUG” button which is displayed at the bottom of the page, the user is directed to the add drug page (section 8).

## 8 Pharmacy Add Drug Page

The screenshot shows a web form titled "Pharmacy Add Drug Page". It contains two tables side-by-side. The first table, "Drug Types", has two rows: "Amlodipine 10mg" and "Verapamil", each with a radio button. The second table, "Branded Drugs", has three rows: "TONACT TG 10MG TAB", "Tylenol", and "Verelan PM", each with a radio button. Below the tables are two buttons: "Submit" (blue) and "Back" (grey). At the bottom of the form, there is a footer text: "Pharmacy Finder - Version 1.0.0 © 2021 | [Contact Us](#)".

Drug Types		Branded Drugs	
Amlodipine 10mg	<input type="radio"/>	TONACT TG 10MG TAB	<input type="radio"/>
Verapamil	<input type="radio"/>	Tylenol	<input type="radio"/>
		Verelan	<input type="radio"/>
		Verelan PM	<input type="radio"/>

Submit Back

Pharmacy Finder - Version 1.0.0 © 2021 | [Contact Us](#)

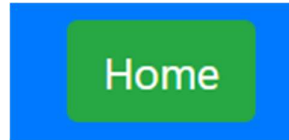

After clicking on the Add drug button on the drug list page user is directed to this page. This page views all the drug types and branded drugs. There are two tables on this page. The first one contains all drug types and the second one contains all branded drugs.

Here, the following options are given to the user,

- **Add drug types or branded drugs:** The user can select drug types and branded drugs from two tables. Then by clicking on the “**Submit**” button all the selected drug types and branded drugs are removed from the two tables. That means that selected items are added to the pharmacy drug list page.
- **Go back to the drug list page:** By clicking on the “**Back**” button, the user is redirected to the previous page( pharmacy drug list page).

## 9 Home

You may return to the homepage at any time by clicking the Home button in the top right corner of the screen.

## 10 Logout

The user can logout from the account by clicking the “**LOG OUT**” button in the top right corner.
